

Alice In Videoland, Got To Go

Its not you, its me
Its true you see
I always wanted it to be easy
Just to please me
I feel trapped when Im not slapped
But Im not sleazy
I got to got to go
I cant be with you tonight
Honey now you know
That its black and white
Lets stay in touch
Its been fun
Im in a rush
I gotta run
Im just about getting out
On my own tonight
Its running late you know
Its time to go
I found what Ive been looking for
I cant rest, I want your best
(Im not ashamed)
lets start the game
