

# Alice In Videoland, She's a Machine

It's just a matter of time before she fucks up your mind  
She's gonna play with your head, just like she's playing in bed  
She's not yours to keep, she don't belong with you  
Don't get yourself in too deep 'cause she's too good to be true  
You wouldn't wanna wait up for her  
You wouldn't wanna wait up for her  
You wouldn't wanna wait up for her  
You wouldn't wanna wait!  
She likes it when you're weak, she likes to be in command  
You're not supposed to speak, only at her demand  
Don't be surprised if she loves you, or say that she does  
She wants something of you. You'll never know what it was  
You wouldn't wanna wait up for her  
You wouldn't wanna wait up for her  
You wouldn't wanna wait up for her  
You wouldn't wanna wait!  
She's a machine  
She's a machine  
She's a machine  
Hold your breath  
She'll rip your heart out, chew it up, spit it out  
She plays her part right  
Watch and learn you'll burn.  
She haunts your dreams, your body and soul  
Leaving you wounded empty and cold  
She'll rip your heart out, chew it up, spit it out  
She plays her part right  
Watch and learn you'll burn.  
She haunts your dreams, your body and soul  
Leaving you wounded empty and cold  
She's a machine  
She's a machine  
She's a machine  
Machine  
Machine  
Hold your breath
