

Alice Nine, 9th Revolver

Recollection ataerareta no wa So tiny waste omocha no jyu de
And funny faces tada kikaiteki ni To a blind target yorokobu furi wo shita
Expectation mune ga itakute iki ga dekinai yo
zattou no naka de
I call out myself. tomoshibi kieru mae ni
Now, let's run away. Oh, together before the sinasu e
I'm dreaming on hitori kiri no yoru I suffered everyday mabuta no ura de
Angelic song kokoro de naiteita And so sad song hotsureta ningyou
I reject it. jibun jyanaku naru no ga kowai dake datta
ano koe wo tomete atama ga kowaresou sa
I call out myself. nozonda ketsumatsu e
Now, let's run away. Oh, together before the sin kimi e
I see so many faces
The smile faces and cry faces, It's all us.
Do you admit?
Angelic song sagashiteta mono wa And so sad song ano hi no boku datta
