

Alice Peacock, All About Me

I'd like to get stoned
Never come home
I'd like to be free
Not do what I should
Do what feels good
With whomever I please
I'd never look back
Like Jack Kerouac
Follow my dreams
From here to the sea
Leave it all in the dust
If only it was all about me
Someday when I'm not wired this way
But I know that that day
Will never come
No sacrifice
Yeah, that'd be nice
What a change that would be
But the life that I got
I guess that it's not all about me
I'd like to get stoned bet I'm not alone
This song has been sung
It's over and done that's all about me
