

# Alice Peacock, Here I Go Again

Every now and then I find myself back in old  
familiar places  
And I look into the mirror and I can't quite recognize  
who that face is  
I've been talking in my sleep  
Think I've fallin' in too deep  
Here I go again - dancin' round and round the edges  
Here I go again - tempting fate out on the ledges  
Here I go again - could be flirting with disaster  
Here I go again - I should slow down but I'm going faster  
Sometimes I throw caution to the wind guess I'm  
drawn into the drama  
And I try to tell myself that I should stop but it  
looks like I don't wanna'  
Cuz' I love flyin' high  
And the look that's in your eyes  
[Chorus]  
I've been blind-sided and sanctified it feels  
Good and bad at the same damn time  
I know it's wrong but I just hold on  
This addiction to you is keeping me alive  
But I have to let you know  
That I have to let you go  
Cuz' every now and then I catch a glimpse of who I am  
And I don't like what I see
