

# Alice Peacock, Honky-Tonk Time

The work week is at a close  
And we're all heading down to Mojo's club  
We got the night a rollin'  
All rough and ready for some fun  
The band starts around 10:30 but that ain't early enough

[Chorus:]

I just wanna have a good time  
Drink the week off my mind  
With all my friends on Friday night  
No talkin' politicians, no talkin' religion  
Forget about our crazy lives  
Get out and do it right  
And have a real good honky-tonk time  
It's wall to wall in this old bar  
With a beer in hand and double shots are up  
As fiddle and the steel guitar fill the air  
We're kickin' up the dust  
Tonight ain't about tomorrow when we'll all be feeling pretty rough  
I just wanna have a good time  
Drink the week off my mind  
With all my friends on Friday night  
Cause a commotion, feel the music in motion  
Have the time of our lives  
Get out and do it right  
And have a real good honky-tonk time  
Come closing time when lights come up  
We're gonna wanna stay and think man  
What's the fuss  
I just wanna have a good time  
Drink the week off my mind  
I just wanna have a good time  
Drink the week off my mind  
With all my friends on Friday night  
We'll follow intuition, making not prediction  
No end in sight tonight  
Get out and do it right  
And have a real good honky-tonk time  
A real good honky-tonk time
