

Alice Peacock, I Don't

You say you're doin' better
For your sake I hope it's true
I wish you well
But that's all that I can do
Save your I'm sorries
Just leave 'em at the door
You can't make me feel guilty anymore

[Chorus:]

You say I should stay with you
That Jesus forgives you
You pray I will but I won't
The difference is Jesus loves you
I don't

I know it sounds cruel
And it's really not like me
But you've put me in a place
I never thought I'd be
These tears that I'm cryin'
Are just tears of goodbye
I hope you find someone else
Somewhere in your life

[Chorus:]

You say I should stay with you
That Jesus forgives you
You pray I will but I won't
The difference is Jesus loves you
I don't

I don't wanna know you still want me
Don't need to hear you can't sleep
No I don't, no I don't

[Chorus:]

You say I should stay with you
That Jesus forgives you
You pray I will but I won't
The difference is Jesus loves you
I don't
