

# Alicia Keys, When Gone Is The Glory

Chorus:1

When gone is the glory  
When gone is the fame  
When gone is the name  
And you're left with yourself

Verse:1

I look in the mirror  
To search your face  
To remember who you are  
Who you ever were

Chorus:2

When gone is the glory  
When gone is the shine  
Is gone the whole  
Of your future and pride?

Verse:2

I look all around  
To search for a friend  
That no longer stands  
Till the bitter end

Chorus:3

When gone is the glory  
When gone is the sun  
When gone is the game  
Then what have you won?

Verse:3

Headache and pain  
Of what could have been  
Only you know the truth,  
Of what is within

Chorus:4

When gone is the praise  
When gone is the fun  
Is gone, the worth,  
Of what you've become?

Verse:4

When i am alone  
At the end of this story  
How does it feel,  
When gone is the glory?
