

Alih Jey, Fall On My Sword

I'm in the way
No matter what you say
I don't wanna be
The only reason you stay
It can't be me
That keeps you
From your dreams
And it hurts me so much
But I'll give you up
I'll fall on my sword
I love you enough
To fall on my sword
And let you go
You'd never leave
So now it's up to me
I'll break your heart
Even if it tears me apart
Someday you will see
Why I set you free
And you'll come back to me
But I'll give you up
I'll fall on my sword
I love you enough
To fall on my sword
And I'll let you go
Just go, just go
And I'll give you up
I'll fall on my sword
I love you enough
To fall on my sword
Oh, you know that I love you enough
To fall on my sword
I love you enough
To fall on my sword
And I'll let you go
Even if it tears me
Even if it tears me apart
