

Alisha's Attic, Inevitable

(Poole/Martin/Poole)

Spoke to you tonight
For the first time in weeks
I'd forgotten that
Butterfly feelin'

Coz I've been livin' in a strange world
I've been growin' a bit stronger
I've been livin' in a whirlwind
Will you know me when I come back?

Days they go by, and
Yes our love's still breathin' as
Years they just fly
Slowly gettin' wilder
Days they go by, and
Yes our love's still breathin' as
Years they just fly
Slowly gettin' wilder

Well I used to be shy
I used to be satisfied
Had a good routine
Didn't wanna put the spoilers on it

Coz I've been livin' in a strange world
And you're not growin' along side me
You're not livin' in my whirlwind
Will I know you when I come back?
Days they go by, and
Yes our love's still breathin' as
Years they just fly
Slowly gettin' wilder
Days they go by, and
Yes our love's still breathin' as

Years they just fly
Slowly gettin' wilder
Days they go by, and
Yes our love's still breathin' as

Years they just fly
Slowly gettin' wilder
Days they go by, and
Yes our love's still breathin' as

Years they just fly
Slowly gettin' wilder

Coz I've been livin' in a strange world
I've been growin' a bit stronger
I've been livin' in a whirlwind
Will you know me when I come back?

But you're not livin' in a strange world
You're not growin' along side me
You're not livin' in my whirlwind
Will I know you when I come back?

Will I know you when I come back?
Will I know you when I come back?
