

Alisha's Attic, Never Enough

(Poole/Martin/Poole)

If we are absolutely still
Then maybe the world will stop
And the time will spin around us
On the outside of us
Hidden from the day
To be reckless again
I will wait for you
I will reach into your light
(And carry you to mine)

It's never enough
(Never enough)
I am a prisoner
(Desperate touch)
Is never enough garden for my love

Oh my eagerness lets me fall
Oh only you can reveal it all

If we are absolutely still
(Absolutely still)
So maybe the world will stop
And the time will spin around us
On the outside of us
Hidden from the day
To be reckless again
I will lay with you
Love you like I do
I will read your lips
I await your fingertips

It's never enough
(Never enough)
I am a prisoner
(Desperate touch)
Is never enough garden for my love
It's never enough
(Never enough)
So love me
(Desperate touch)
Is never enough
(Aah, love me)
It's never enough

Desperate touch
Desperately see my heart is open up wide
Desperately see I've got nowhere to hide
It's never enough
Desperately see my heart is open up wide
Desperately see I've got nowhere to hide
(Repeat to fade)
