

Alisha's Attic, Sex Is On Everyone's Tongue

Sex is on everyone's tongue
Everybody wants to be tied up with someone
Expectations are higher than kites
I see through it sometimes

Sex is on everyone's tongue
Everybody wants to get a quick hit a quick fix
And that's just what's going on
Makes me wonder sometimes
Why we all play the game

Kissing perfect strangers with no shame
We don't catch their name
Cos we'll never fall in love
That's a word we don't get
Enough Of

Sex is on everyone's tongue
Who cares if you've got your heart and soul on
Cos we don't look no further than the smile on the face
Of the porcelain basin you've painted on

Ooh lies are on everyone's tongue
Sweet gentle words never
Come out of no one
We're all secretly looking for better
It's so funny sometimes
Why we all play the game

Kissing perfect strangers with no shame
We don't catch their name
Cos we'll never fall in love
That's a word we don't get
Enough of

So tied up in the fun
It's so easy to go along
All this talking is
Getting crazy
We'll get no work done

Sex is on everyone's tongue
Everybody wants to be tied up with someone
Expectations are higher than kites
I see through it sometimes

Sex is on everyone's tongue
Sex is on everyone's tongue
Sex is on everyone's tongue
Sex is on everyone's tongue
