

# Alison Goldfrapp, So Hard So Hot

It's so hard  
It's so hot  
We should be here in now  
And love what we got

It's so hard  
It's so hot  
It's the nature of now  
So love what you got

Don't know why  
Don't know why  
Don't know why  
We love this way  
Don't know how  
Don't know how  
Don't know how  
We got this way  
Now I live my life in the sun  
Now I live my life in the sun

Live my life, live my life  
Live my life in the subterranean  
We're the souls we invite  
We're the sparks in the blue  
The curve of light

Don't know why  
Don't know why  
Don't know why  
We love this way  
Don't know how  
Don't know how  
Don't know how  
We got this way  
Now I live my life in the sun x4

Live my life x 4

We're the souls we invite  
We're the sparks in the blue  
We're the curve  
Curve of light  
We're the souls we invite  
We're the sparks in the blue  
We're the curve  
Curve of light

Do you know  
Do you know  
Do you know  
How the stars were made?  
Yeh you know  
Yeh you know  
Yeh you know  
How to radiate?

Now I live my life in the sun x4
