

# Alison Krauss, One Good Reason

Just give me one good reason tonight  
Must be something you could say to me  
To keep me warm on this cold dark night  
Can you bring out the best in me?

That old moon in shining brightly  
Up above the midnight plains  
I only want your love to guide me  
Back through the night and take us home again

Can I bring out the best in you as well?  
Must be some way you could let me know  
While we wait out the sun, only time will tell  
Will you love me or let me go?

That old moon in shining brightly  
Up above the midnight plains  
I only want your love to guide me  
Back through the night and take us home again

So now my friend with this gentle plea  
Can you tell me what is on your mind?  
There's just one good reason, that's all I need  
Chase the sorrow from your eyes

That old moon in shining brightly  
Up above the midnight plains  
I only want your love to guide me  
Back through the night and take us home again
