Alison Krauss & Union Station, Faraway Land

You're the lucky one so I've been told Free as the wind blowin down the road Loved by many, hated by none I'd say you were lucky cause I know what you've done Not a care in the world not a worry in sight Everything's going to be all right Cause you're the lucky one You're the lucky one always havin fun A jack of all trades a master of none You look at the world with a smiling eye And laugh at the devil as his train rolls by Just give you a song and a one-night stand And you'll be looking at a happy man Cause you're the lucky one Were you blessed? I guess By never knowin which road you're choosing To you the next best thing to playin and winning Is playin and losin You're the lucky one I know that now Don't ask you why when where or how You look at the world through your smilin eye And laugh at the devil as his train rolls by Just give you a song and a one-night stand And you'll be looking at a happy man Cause you're the lucky one Were you blessed? I guess By never knowin which road you're choosing To you the next best thing to playin and winning Is playin and losin You're the lucky one I know that now Don't ask you why when where or how No matter where you're at is where you'll be You can bet your luck won't follow me Just give you a song and a one-night stand And you'll be looking at a happy man Cause you're the lucky one
