

Alison Krauss & Union Station, I Don't Have to Live

I've been up and down before
Sleep won't hold me any more
You're running out of games to play
I don't have to live this way
Thought I loved you for awhile
You were loaded up on style
Talk is cheap but I won't play
I don't have to live this way
No, I won't play
The games that you've designed
And I won't wait
To listen to your lines
Before you speak another word
I'll repeat it so I'm heard
You're running out of games to play
I don't have to live this way
You won't stay another night
Or did you wrong another right?
Now, I've got the eyes to see
You get your kicks by hurting me
No, I won't play
The games that you've designed
And I won't wait
To listen to your lines
Before you speak another word
I'll repeat it so I'm heard
You're running out of games to play
I don't have to live this way
