

# Alison Moyet, Anytime At All

Anytime at all  
I would change my life for you  
Happiness settles where you are

Anytime at all  
I would choose to stay with you  
Togetherness is not so far  
I love you so

That is why, and it's why  
I'm ready to sustain  
The pleasure and the pain  
Oh and all the crazy turns  
With you my love

Anything you need  
If it raised a smile in you  
I want to bring it to your door

Everything I need  
In the sleepy sighing  
Of somebody here who needs me more  
I love you so

That is why, and it's why  
I'm ready to sustain  
The pleasure and the pain  
Oh and all the crazy turns  
With you my love

Anytime at all  
To stop those lonely tears that fall  
and how they made you feel so small  
If not me, who you gonna call?

And that is why, it's why  
its why, its why, it's why  
I'm ready to sustain  
the pleasure and the pain  
Oh and all the crazy turns  
With you my love

That is why, that is why  
I'm ready to sustain  
the pleasure and the pain  
Oh and all the crazy turns  
With you my love

Anytime at all  
I would change my life for you  
Happiness settles where you are
