

# Aliz, Youpidou (English Version)

Youpidoo  
Youpidoo  
I'll remember you, oh  
Youpidoo  
Still be holding you, oh  
Yuopidoo  
Gee' it's a lot to do!  
Give me "two"  
I'll see what I can do  
Youpidoo  
You've got to remember  
Youpidoo  
It won't last for ever  
Youpidoo  
So what really matters  
Is that you  
Got some... something under...  
Refrain :  
One day I'm gone!  
Today I ache  
Three days of some...  
... thing much too fake  
I see you talk...  
... ing to the bees!!!  
All my goodbyes  
Signed with no kiss  
Today's a loss  
Fried days of some...  
... thing that I lost  
you see me walk...  
... ing down the streets  
I walk away  
Youpidoo, day  
Youpidoo  
There's no doubt about it  
Youpidoo  
You can't live without it  
Youpidoo  
You want me to prove it!  
Want me to  
Get down on my knees! Oh...  
Youpidoo  
You feel brokenhearted  
Youpidoo  
Life is so unstarted  
Youpidoo  
We were good together  
Mon chouchou  
Don't say never, ever!!!
