

Alkaline Trio & Hot Water Music, While You're Wa

There's a hope in my head that's been cut and bleed
Dry as your bloodshot eyes
And there's smoke in the air and it's soon to clear
Revealin' our demise
There are some who say that it's a-okay
If it makes you feel all right
It's just way too bad now you're worse than sad
All locked up there in side
And I don't know how you feel but I'll make you a deal
If you'll make it out alive
My shoulders and ears are all yours my dear
I hope it comes as no surprise
You've been known to say that you're a-okay
When you're feelin' sick inside
I just want you to know, I got no place to go
Until the day you die
While you're waitin', be thankful for your fingers
I'll be fading with the colors of your pictures
"I'm not cryin' wolf", you whisper
"I'm really dead this time, I'm really dead this time"
There's a hope in my head that's been cut and bleed
Dry as your bloodshot eyes
And there's smoke in the air and it's soon to clear
Revealin' our demise
You've been known to say that you're a-okay
When you're feeling dead inside
I just want you to know, I got no place to go
Until the day you die
While you're waitin', be thankful for your fingers
I'll be fading with the colors of your pictures
"I'm not cryin' wolf", you whisper
"I'm really dead this time, I'm really dead this time"
They locked you up, they threw away the key
Sutured your mouth shut, murdered your family
Right before your eyes, what could you do?
Right before your eyes, they took it all from you
Contemplating, you hanging from your ceiling
Can't help hating you for having that feeling
I'm not jokin' when I tell you, I miss you all the time
I already miss you all the time
