Alkaline Trio, Jaked On Green Beers

It's been a long time since I've been close to you It's been a long time since I've been sad. It's been a while since I've really spent time with you Wish I could take back the times that I had. The only thing that you ever really did for me Was make me oh so miserable. And the hope that I never see your face again Is anything but questionable.

I hope this is goodbye. I hope this is goodbye.

There was a time when I thought you were a friend to me I think those times I was probably just drunk.
And if they offered a test about being a good friend I'd put money down that you'd surely flunk.
The only thing that you ever really took from me Were my records to sell them for dope.
Now all I have left is this heart in my chest And my happiness helping me cope

I hope this is goodbye [x4]
