

Alkaline Trio, Sadie (Acoustic)

You're on your own my little nightmare
You cannot stay here
It's far too bright for you
If they attack you just lay there
Play dead dear
It's your only hope of pulling through
And seconds they seem like a lifetime
A dream, recurring, a dream that can't come true
And they'll pin it all on you
After all you've been put through
Sadie G. she's crazy, see
That's what the white coats say
And now Ms. Susan A you're losing
Every opportunity to put us all away
Now, run along my little nightmare
Your job is done here
You've scared them all to death
If they revive them just sit there
Just smile dear
Make them thankful for every breath
The sentence may seem like a lifetime
A scream that curdling the blood they found on you
And your knives and clothing too
Charlie's broken, twenty two
Sadie G. she's crazy, see
That's what the white coats say
And now Ms. Susan A you're losing
Every opportunity
Well, they found you and they shipped you
Up the river the same way
That you've bound and gaged
You've shot and stab
You tried to set them free
But they've thrown
Away the keys
You represented a God to me
That was so beautiful that I'd do anything for him
I'd do anything for God
Even murder, if I believed it was right
How could it not be right if it's done with love?
I have no remorse for doing what is right to me
I have no guilt anymore
Whoa, whoa
Whoa, whoa
