All-4-One

All-4-One...Has Left The Building

All The Wrong Reasons

Got this information I don't want to act upon

Taking advantage of the situation would be wrong

All the wrong reasons

I give myself away

Every time you walk into the room

I can hide the way I feel for you

I trip over my words

And end up feeling like a fool

When you tell me he's the one for you

But you don't hear him talk

You don't know his game

His intentions and desires aren't the same

Pride ego selfishness

Trying to fill some emptiness

Girl he's making love to you

For all the wrong reasons

I could give him up so easily

And move in with my sympathy

But I don't want you here with me

For all the wrong reasons

You trust me like a friend

And tell me all the little things he does

He makes you feel like you're the lucky one

But secrets I can tell

The way he's playing you around

It's killing me to watch it all go down

If you could read his mind

See behind his eyes

You know yourself

His love is just a lie

Chorus

Got this information I don't want to act upon

Taking advantage of the situation would be wrong

And I wish I never knew

What he's doing to you

Chorus-Out
