

All-4-One, It's Who You Are

All-4-One

All-4-One...Has Left The Building

It's Who You Are

Like a seed becomes a mighty oak

And a mother's smile brings a child hope

Or ideas born in a daydream

You are so much more than you see

So maybe give in, the inside track

But you've got ahead, holdin' nothing back

Like the last one chosen by the worst team

You're so much more than you see

With your will to win, give it all you've got

You've already won, win or not

The race, isn't far

It's who you are

When they said you can't, it's impossible

You became unstoppable

Even if you gave a world's speed

You're so much more than you see

You reach far beyond a life-long goal

What you did was so unbelievable

You've inspired us who dared to dream

You are so much more than you see

With your will to win, give it all you've got

You've already won, win or not

The race, isn't far

It's who you are

With your will to win, give it all you've got

You've already won, win or not

The race, isn't far

It's who you are
