All About Eve, Every Angel

On our own trip On our emerald ship we sail away The ocean holds a thousand tales untold With this love It's easy come and easy go Just like the way we were Before the fall I don't see the reason why Every angel must fly I'm betrayed by the tear in my eye In my eye... Hey angel Don't be afraid to earth your heart When I see love descending like a dove Confusion... the song you hear the blackbird sing You fly to the sun And you're going to burn your wings ...You're flying too high Just see the reason why The angel must fly No more tears in my eye We can live in the sky High...
