

# All About Eve, Some Finer Day

Ride on the storm I made. I glide on  
the ashes of the sky. My blue raincoat  
makes me say 'No' today. Hey, when  
does weather ever change

Some finer day, say things go my  
way ; some finer day, I'll play your  
sunshiny girl (irony!)

Ride the mercury with me see how  
unpredictable it feels. Red this shelter,  
where we fell to the ground Found out  
the weather never changed

Some finer day...I'll play your  
sunshiny girl... And brighten up my  
world with sunflowers and book I have  
burned and see what you want me to  
see and I'll be what you want me to  
be...
