

All, Hooidge

We can try to forget
We can try to walk away
But that feelings there
And it won't ever go away
Sometimes the more things change
The more they stay the same
Now the fears are gone
And I know life's O.K.
When I see you again
As life goes by
Don't look back and wonder why
You didn't see that band
Or kiss that girl and hold her hand
Go have some fun
We've only just begun
You've gotta live life now
While you got it in your hand
When I feel it again
The sky goes grey
And starts to cry
You go away
And so do I
But you
Could turn it back to blue
