

# All, Not Easy

It's been three months since I heard your voice  
I try to make myself believe that I made the right choice  
It's been three months since I thought about you  
I'm fooling myself, I can't live without you  
I'll lay my head down on my pillow and cry myself to sleep  
It's not easy being me  
It's been three months since I felt your skin  
And all I can do is wait to touch it again  
It's been three months since I heard you cry  
When we made love everything seemed all right  
I'll lay my head down on my pillow and cry myself to sleep  
It's not easy being, it's not easy being, it's not easy being me  
I was fine for the moment but for the last three months  
I've been broken now I can't face my fears, I'm running scared  
It's been three months since I've seen your smile  
It's been some time since I smiled myself  
It's been three months since I heard you say I love you  
I've found that I can't live without hearing you say it  
I'll lay my head down on my pillow and cry myself to sleep  
It's not easy being, it's not easy being  
I was fine for the moment but for the last three months  
I've been broken now I can't face my fears, I'm running scared  
Now I can't face my fears, I'm running scared
