

# All Time Low, Poison

I've got a house in the back of my head  
But I can't find a permanent resident  
Cause the markets down and  
The area's not so good these days  
I've got a watch but I don't have time  
I got a road and it leads to decadence  
But a dead end sign waits down the line  
I leave my footprints for the evidence  
So take my life  
I'll hand it to you  
And you can try on my clothes  
But you can't fill these shoes  
On a silver platter  
Your wish came true  
So your heart of gold turned platinum  
You can take my life  
But you can't take it with you  
More long days and fleeting nights  
So tell them, wake me under flashing lights  
Cause I'm a brand name bought and sold  
They say a face for fame is a crying shame  
Because to face the crowd is to play their game  
And I can play a little too rough now and again  
You drank the poison and I let you in  
So take my life  
I'll hand it to you  
And you can try on my clothes  
But you can't fill these shoes  
On a silver platter  
Your wish came true  
So your heart of gold turned platinum  
You can take my life but you can't take it with you  
You drank the poison and I, I let you in  
Would you trade that heart of gold for a minute in my skin  
You drank the poison and I, I let you in  
Would you trade that heart of gold for a minute in my skin  
So take my life  
I'll hand it to you  
And you can try on my clothes  
But you can't fill these shoes  
On a silver platter  
Your wish came true  
So your heart of gold turned platinum  
You can take my life but you can't take it with you.
