

All Together Separate, Camouflage Soul

Another chance has come and gone
And I allowed my faith to fade into the background
How can I claim to be like Your son
And keep hanging on to what I know, he died to free me from
I'm tired of blending in
I'm tired of being one of the crowd
While everyone knows my name
Nobody knows my God
I don't want to be another camouflage soul
'Cuz I've been that way too long
I don't want to be another camouflage soul
I finally realize the danger is sitting on the sidelines
Conformity is failure
I have the disguise to look the part
But I don't want to wear Your cross around my neck
And not have your peace in my heart
I'm tired of blending in
I'm tired of being one of the crowd
While everyone knows my name
Nobody knows my God
I don't want to be another camouflage soul
'Cuz I've been that way too long
I've been that way too long

I don't want to be another camouflage soul
'Cuz I've been that way too long
I don't want to be another camouflage soul
I've got a change of heart and I won't change my mind
I'm ready for a brand new start, now I've got to change my life
Denying you is like saying that the world is flat, why would I do that?
Turn my back on what you've done for me, never again
Now I've got this bracelet asking me what would he do
If he were in my shoes he never would've walked both sides of the fence
I've got a change of heart and I won't change my mind
I'm ready for a brand new start, now I've got to change my life
I don't want to be another camouflage soul
'Cuz I've been that way too long
Yeah, I've been that way too long
I don't want to be another camouflage soul
'Cuz I've been that way too long
But I have a change of heart
I don't want to be another camouflage soul
'Cuz I've been that way too long
I don't want to be another camouflage soul
