

All Together Separate, I Believe

The world is fading away
Along with everything it craves
And as the sun sets today
I know that life's eternal
I know that life's eternal
Hidden in the waves that crash on golden shores (I see You)
Beyond the wonder of creation
I see something more
So come and take me home
Come and take me home

The world is fading away
It can no longer hold it's own weight
And although it might sound strange
I know that life's eternal
I know that life's eternal
Come take me home to the place where I belong
Cause I wait in my soul for You to take me home
The world is fading away
