All Together Separate, I Won't Slow Down

I won't slow down, ain't gonna let nobody turn me 'round I won't back down, I'll fight face to face to my last breath But I won't slow down Day after day, temptation comes around my way Week after week, it's almost like she's speaking Nobody's watching, you're only human Well' she gives a little but she takes A lot and I just bought the lie Why do I do the things I don't want to? And go against what I know to be true Forgive me now like only You can do And I'll run to You and I Week after week, I'm listening to the words You speak Day after day, it's almost like her singing I know you're watching, so who am I fooling? I'm just a little but You give a lot, so I keep wondering Why, why do I do the things I don't want to? And go against what I know to be true Lord, forgive me now like only You can do And I'll run to You and I I won't slow down I'll keep on running Running right into Your open arms 'Cause I can see You here
