

# All Together Separate, Paradigm

Everybody loves a rose  
But will you be thankful for the thorns?  
Love is easy when you're loved  
But do you curse another when you're alone?  
Oh, I give my life to You  
So I can gain it back again  
Oh, I stand solid  
While the paradigm is shifting  
You say, live and let live  
But people are dying everyday  
And You say what I don't know won't hurt me  
But if what I do not know is the very thing I need, then I say  
Oh, I give my life to You  
So I can gain it back again  
Oh, I stand solid  
While the paradigm is shifting  
Humanity sees truth through shattered window pane  
Block the view and plant the seed  
And so we draw the curtains to close but I say  
That the sun can still shine behind a closed mind  
And sticks and stones do hurt  
When tossed from the tongue of mankind  
Oh, I give my life to You  
So I can gain it back again  
Oh, I stand solid  
While the paradigm is shifting  
Oh, I give my life to You  
So I can gain it back again  
Oh, I give my life to You  
So I can gain it back again  
Oh, I stand solid  
While the paradigm is shifting  
Paradigm is shifting, is shifting
