

Allan Gary, Baby I Will

Allan Gary
It Would Be You
Baby I Will
(Jake Kelly/Gary Allan/Odie Blackman)

If he don't dream 'bout you night after night
If you don't think that he's treatin' you right
If he don't worship the ground that you walk on
It's easy to see somethin's wrong

I can't stand to see you cry
Over love that just ain't real
If he don't love you
Baby I will

If he don't whisper sweet words in your ear
Things a good woman loves to hear
Why can't you see what he's puttin' you through
How long can your heart beat feelin' so blue

I can't stand to see you cry
Over love that just ain't real
If he don't love you
Baby I will
Baby I will

I can't stand to see you cry
Over love that just ain't real
If he don't love you
Baby I will
Baby I will
Baby I will
