

# Allan Gary, Forever And A Day

Allan Gary  
Used Heart For Sale  
Forever And A Day  
(Jim Lauderdale/Frank Dycus)

The say nothin` lasts forever  
Honey, I've got good news  
Whoever said that  
Never got the blues from you

This cloud I'm under  
Looks like it's gonna stay  
The thunders gonna roll  
Forever and a day

Nothing's gonna change  
The way I think and feel  
My heart is so heavy  
And my fate is sealed

Lord, stop this misery  
Every night I pray  
E'm knowin` that it's there  
Forever and a day

Chorus  
Forever and a day  
You're stuf here in my mind  
Forever and a day  
Is such a long, long time  
I tell myself again  
That I just can't swim  
This river of regret  
That I'm drownin` in

You've left with this feeling  
That I just can't shake  
My spirit's gonna sink  
Forever and day
