

# Allegiance, Pity

Allegiance  
Miscellaneous  
Pity

Looking for to-morrow  
Before you find to-day  
To be abused that way  
A sign of the times  
Society to blame  
You ask yourself the question  
Was it self inflicted pain  
Blame  
Who's to blame  
Blame  
Who's to blame  
The chance of a new life  
Or the beginning of the end  
Looking to-wards the future  
Drowning in self pity  
As time presses on  
No point in looking back  
The past times are gone
