Trapped Behind A Shadow

Future returns the tides  
An abstract view on life  
Morbid thoughts that dominate  
Control your instinct to survive  
Left in the dark again  
Trapped behind a shadow  
When will the confusion end  
Left with no to-morrow  
So many thoughts we cannot see  
Condemn us to a life of sorrow  
Leaving one to conjure ways  
And try to make it through to-morrow  
Left in the dark again  
Trapped behind a shadow  
When will the confusion end  
Left with no to-morrow  
Left in the dark again  
Trapped behind a shadow  
When will the confusion end  
Left with no to-morrow
