

# Allele, Tightrope

You never ask if I'm ok  
The knife in my wrist will take your place  
You're slipping farther away now  
I'm starting to break, I can't take it  
The pressure is building inside of me  
The tension is taking over  
I know that I'm strong enough to see  
It's not about me  
I cant believe a word you say  
That pressure is taking over  
I don't know how much I can face, with you  
I don't know how much I can take  
Despite all the changes you go through  
The pressure is building inside of me  
The tension is taking over  
I know that I'm strong enough to see  
It's not about me  
No no no [x4]  
You never asked if I'm ok  
You never wanted me this way  
You never asked if I'm ok  
I never meant to be this way  
The pressure is building inside of me  
The tension is taking over  
I know that I'm strong enough to see  
It's not about me  
I look in your eyes and you cannot hide  
What I've come to open up  
No words of restriction, just words of conviction  
It's not about me  
The pressure [echo] [x4]
