

Allison Moorer, Easier To Forget

(Allison Moorer/Doyle Primm)

I've heard it said

Life leaves you memories that are precious

If that's true, it hasn't left me any yet

There are none that I've thought of I can cherish

For me it's easier to forget

Looking back is not the way to mend my heartache

Remembering only brings me regret

When I dig up the past, I find a love that didn't last

So for me, it's easier to forget

I'd hate to think these memories I've been given

Are the only ones I'm ever gonna get

Cause it hurts if I try to relieve'em

For me it's easier to forget

Looking back is not the way to mend my heartache

Remembering only brings me regret

When I dig up the past, I find a love that didn't last

So for me, it's easier to forget

For me it's easier to forget
