Allison Moorer, Easier To Forget

(Allison Moorer/Doyle Primm) I've heard it said Life leaves you memories that are precious If that's true, it hasn't left me any yet There are none that I've thought of I can cherish For me it's easier to forget Looking back is not the way to mend my heartache Remembering only brings me regret When I dig up the past, I find a love that didn't last So for me, it's easier to forget I'd hate to think these memories I've been given Are the only ones I'm ever gonna get Cause it hurts if I try to relieve'em For me it's easier to forget Looking back is not the way to mend my heartache Remembering only brings me regret When I dig up the past, I find a love that didn't last So for me, it's easier to forget For me it's easier to forget
