Tell Me Something: The Songs Of Mose Allison

Back On The Corner

I'm back on the corner

I'm right back on the corner

I've been in this condition so many times before

Back by my lonesome

I'm right back by my lonesome

Just watching the people going from door to door

I've got to change my ways

And try to quit this place

'Cause one of these rainy days

I'm gonna need a friendly face

'm back on the corner

I'm right back on the corner

I've been in this condition so many times before

I've got to change my ways

And try to quit this place

'Cause one of these rainy days

I'm gonna be a mental case
