Tell Me Something: The Songs Of Mose Allison

One Of These Days

One of these days I've got to get things right

I'm gonna do my business in the daylight

One of these days you know I've got to get things right

I'm gonna do my business out in the broad daylight

One of these days I've got to get things straight

I'm gonna stio actin' like a reprobate

One of these days you know I've got to get things straight

I'm gonna stop staying out late

And actin' like a reprobate

One of these days I've got to get in step

It won't be long 'fore I'll be needin help

One of these days you know I've got to get in step

The way I'm going I'll soon be needin' help

One of these days I've got to go back home

Sit out on my front porch and compose a poem

One of these days you know I've got to go back home

I'm gonna sit out on my front porch, rock away compose a poem
