

Allister, Boysenberry

sun's goin down
in a shitty little town
where every night's always the same
i've got a 40 in my pocket
as i'm walking down the street
i'm gonna drink till i don't know my name

we'll drink all day
and drink all night
gonna drink until we puke
then we'll go and do it all again
goin out again tonight
goin out again tonight
gonna get stupid
gonna get loaded
we're gonna get fucked up tonight
