

Allister, Timing

There's something that's been on my mind
It's why I've wasted my time
Being with a selfish girl like you
There's something that I've gotta say
It's why I can't go on this way
Being hung up over you

Cause I don't wanna be the one
You come to when your crying on the phone
And I don't wanna be the one
You come to when your crying all alone

Cause I don't think that you realize
That what we had is gone
And it'll take too long for us to get it back
I don't think that you understand
We won't get back together
Cause our timing could have never been so bad
Been so bad
Been so bad

There's something that's been on my mind
It's why I've wasted my time
Staying up all night thinking of you
There's something that I've gotta say
It's why I can't go on this way
Wondering what happened to our love

Cause I don't want to be the one
You come to when you found another guy
And I don't want to be the one
You come to when you want to say good bye

Cause I don't think that you realize
That what we had is gone
And it'll take too long for us to get it back
I don't think that you understand
We won't get back together
Cause our timing could have never been so bad
Been so bad
Been so bad
Been so bad

Now it's time for me to get on with my life
Cause our timing could have never been so bad
Been so bad
