Evidence Of Love

By Chris Farren & Steve Diamond

When I look for the love in your eyes,

You turn away

And there's nothing as loud as the words

We never say

Look at us now, standing on the edge again

Look at us now, it's not too late to try again

I need some...

Evidence of love, to keep me going on

Please show me some

Evidence of love, and I'll be here

I still believe we can see it through,

There's just so much, that I can do

It doesn't make sense, without some evidence of love

There's a cold, cold look on your face,

Is it saying good-bye?

'Cause there's nothing as cold as the ashes,

When the fire has died

Talk to me now, tell me what you're missing

Talk to me now, I'll try and find your heart again

I need some...

Evidence of love, to keep me going on

Please show me some

Evidence of love, and I'll be here

I still believe we can see it through,

There's just so much, that I can do

It doesn't make sense, without some evidence of love

Stand and fight

Try to say what's on your mind, baby

So much is on the line

There's a chance we'll make it right

Look at us now, standing on the edge again

Look at us now, it's not too late to try again

I need some...

Evidence of love, to keep me going on

Please show me some

Evidence of love, and I'll be here
