Moonlight shining through my window Cold wind blowing at my door While i lay here thinking Down on this killing floor

Blues falling down around me Coming just like rain Oh, it makes me wonder How i can stand so much pain

I'm not crying, i'm not crying Even though it hurts me so More than you'll ever know I'm not crying

Long distance relation That's so close to me Who i think of so often But rarely get to see

Never thought i'd fall 'till i fell down Reaching up from the ground Looking for a helping hand That was nowhere to be found

I'm not crying, i'm not crying Even though it hurts me so More than you'll ever know I'm not crying

I'm not crying, i'm not crying
Even though it hurts me so
More than you'll ever know
I'm not crying
Even though it hurts me so
More than you'll ever know
I'm not crying
It hurts me down in my soul
More than you'll ever know
But i'm not crying
