

Allstar Weekend, I Come Down with Love

I've been stoped at green lights,
got lost at my way, home sleep keen on night,
I put my shirt in inside off,
umbrella in the sun, my head been there,
Clouds my friends just laught at me,
there's only one thing it could be :
I come down with love,
got hit by the bug,
I sick in a feel confuse,
I know it's true
I come down with love,
I cant get enough,
I want to break this feel,
but I need her live by the both,
I've come down with love (x3)
You've got me trippin' on my feet,
my minds starts rising, and my heart forgets to beat,
When you stopped on my way,
I forget umbrella, and can't find a words to say,
My friends just laught at me,
"it's no cherfull, this's desseds"
I come down with love,
got hit by the bug,
I sick in a feel confuse,
I know it's true
I come down with love,
I cant get enough,
I want to break this feel,
but I need her live by the both,
I've come down with love (x3)
Don't need a shot,
Don't need a doctor,
They can make me okay,
It's up to you,
Get me an answer,
Because I'm trying just to see you,
Only wanna feel you,
Trying just to hear you,
say:
I come down with love,
got hit by the bug,
I sick in a big confuse,
I know it's true
I come down with love,
I cant get enough,
I want to break this feel,
but I need her live by the both,
I've come down with love
I come down with love,
got hit by the bug,
I sick in a big confuse,
I know it's true
I come down with love,
I cant get enough,
I want to break this feel,
but I need her live by the both,
I've come down with love (x4)
We come down with love
