## Allstars, One Day In Your Life

One day in your life, the love would remind you How could you leave it all behind One day in your life, gonna find you With the tears that left me cry And maybe I'm stronger than before You gotta play it on the line Maybe one day in your life My love, did you think I'd break down And cry this thing we had? It meant the world to me, guess I was blind It won't take much longer now See time makes me stronger way And I know you'll be coming 'round some day One day in your life, the love would remind you How could you leave it all behind One day in your life, gonna find you With the tears that left me cry And maybe I'm stronger than before You gotta play it on the line Maybe one day in your life You called me in the midnight hour With your very lies So many sleepless nights, I wonder Is it time to say goodbye? One day in your life, the love would remind you How could you leave it all behind One day in your life, it's gonna find you With the tears that left me cry And maybe I'm stronger than before You gotta play it on the line Maybe one day in your life One day in your life, the love would remind you How could you leave it all behind One day in your live
