

# Ally Kerr, Someone's Got A Crush On Me

Hey-ho, what do you know,  
Someone's got a crush on me.  
Hey-ho, it just goes to show,  
Someone's got a crush on me.  
I didn't know that this was how it's meant to be.  
I was too young, too small, too clueless and nave.  
I didn't know, I was too blind to even see.  
Cause after all I was just one big playground, one big mystery,  
Hey-ho, what do you know,  
Someone's got a crush on me.  
Hey-ho, it just goes to show,  
Someone's got a crush on me.  
I thought that I was there to see your new tv.  
You said that I could try your spectrum out at three.  
I didn't know it was your plan to play with me.  
Cause after all I was just one big playground, one big mystery.  
And I didn't know you had a crush on me,  
That time we spent in summer by the trees.  
Those love heart sweets I thought you got them free,  
But I hope your life it turns out perfectly.  
Hey-ho, what do you know,  
Someone's got a crush on me.  
Hey-ho, it just goes to show,  
Someone's got a crush on me.
