

ALMA, Chasing Highs

2 a.m. I'm fading in the dark
Like floating in the ocean
People need the poison
3a.m. you just touched my hand
And made me lose my focus
I almost didn't notice

And I better know what to do?
Who's gonna be the first one to move?
I wanna get closer to you
And I better know what
Who's gonna be the first one to move?
I wanna get closer to you

I was chasing highs
Then I found you
We're doing it in slow motion /2x
I was chasing highs
Then I found you
You're getting closer in slow motion

I was chasing highs /3x
You're getting closer in slow motion

2 a.m. almost touching you
Drowning at the noises
In between the voices
5a.m. there is something more
I caught the luck you gave me
Phases going crazy

I was chasing highs
Then I found you
We're doing it in slow motion /2x
I was chasing highs
Then I found you
You're getting closer in slow motion

I was chasing highs /3x
You're getting closer in slow motion
