

# Almah, Scary Zone

Stand back and take your time to rely on  
You again, feel the beat of the heart  
See the signs and be the stray for the first time  
Face to face with the evil eyes you just fade away and die  
You knew the hell, you feel the flames burning inside  
The ways of the states of mind  
Can open the gates  
Straight to the scary zone  
Straight to the scary zone  
Land of evil or divine?  
Scary Zone  
Gate of the scary zone  
Disguise  
Something insane,  
an atomic fear,  
Grab you and tear you  
sane world dawn  
A shaded wish shows far away  
An unknown ray of light  
The ways of the states of mind  
Can open gates  
Straight to the scary zone  
Straight to the scary zone  
Land of evil or divine?  
Scary Zone  
Gate of the scary zone  
Will drive  
Will drive your insane  
So shake off the chains  
And keep on the way  
It's your time to scape  
[Solos]  
Straight to the scary zone  
Straight to the scary zone  
Land of evil or divine?  
Scary Zone  
Gate of the scary zone  
Inside  
Scary zone  
Straight to the scary zone  
Straight to the scary zone  
Land of evil or divine?  
Scary Zone  
Gate of the scary zone  
Will drive...  
Will drive your insane  
So shake off the chains  
And keep on the way  
It's your time to scape.
